

REMARKS

Claims 1-3 and 7-9 currently stand rejected in the present application, and claims 4-6 and 10-12 have been indicated as being allowable.

To place the present application in a condition for allowance, claims 4 and 10 have been rewritten into independent form. The only difference between claims 4 and 10 as currently presented versus as originally presented is that "input member" has been substituted for "handle," and the "handle" is recited in newly added dependent claims 13-16. Thus, claims 4 and 10 are submitted to be allowable.

Further, rejected claims 1 and 8 have been cancelled, and rejected claims 2, 3, 7 and 9 have been amended to depend from claims 4 and 10, as applicable. All the other claims likewise depend from claims 4 and 10.

All objections and rejections having been addressed, the present application is submitted to be in a condition for allowance and a Notice to that effect is earnestly solicited.

Respectfully submitted,
